#### 5- Game Rules

Welcome to Evil Devil, a high volatility Video Slot with All ways, sticky respins, splits, increasing multipliers and Free Spins!

ABOUT THE GAME

In the depths of Hell, mischievous Satan Sama reigns supreme over a game of fate and fortune, delighting in the suspense and chaos that unfolds.

#### MAIN GAME

The main game has a panel of 6 reels, each reel with 2-7 symbols.  
When wins are formed the sticky respin feature is triggered.  
Wilds can appear on reels 2 to 6 in the main game and free spins game.  
Scatter appears anywhere on the reels and doesn't have any payout.

#### FREE SPINS

Land 4+ Scatters trigger Free Spins.  
\* 4 Scatters award 15 Free Spins  
\* 5 Scatters award 18 Free Spins  
\* 6+ Scatters award 20 Free Spins

Free Spins are played with the same bet as the triggering spin.  
Scatter symbols do not appear during Free Spins and they cannot be retriggered.  
Collecting 3+ skull symbols trigger a random multiplier that is applied to that spin.  
Power splits can happen randomly only during the first respin and can apply to any of the symbols involved in the initial win.  
The skull symbol can appear on reels 1, 3 and 5.

#### POWER SPLITS

Random symbols that are part of the win are split into wilds.

#### STICKY RESPINS

When wins are formed the winning symbols stick triggering a respin of the non winning symbols.  
Non winning symbols are removed and new symbols fill the empty spots during the respin.  
During respins, the number of symbols per reel remains the same as in the triggering spin.  
The win is displayed when the respin ends.

#### BUY INTO FREE SPINS

Players can pay x100 to buy into Free Spins with their choice of bet size.  
15 - 20 Free Spins are randomly awarded.  
Buy Random Free Spins RTP is: 96.1%

#### HOW TO CALCULATE WAYS WIN

- \* There are up to 117649 ways to win in this game. Landing an identical symbol on 3, 4, 5 or 6 consecutive reels from the left awards a win.
- \* If any of the reels contain more than 1 instance of the winning symbol, the win is multiplied. For example, if the first reel contain 2 winning symbols, the second reel 3 winning symbols and the third reel 2 winning symbols, this win is treated like a 3-of-a-kind win with a  $2*3*2=12x$  MULTIPLIER.
- \* Each symbol's payout for 3, 4, 5 and 6 of a kind is listed in the paytable.
- \* Simultaneous or coinciding wins in different ways are added and paid.
