Welcome to Steamworks - The Workshop, a 3x3 Video Slot with 5 paylines, Wilds, Respins, random Multipliers and a powerful Free Spins game.

ABOUT THE GAME

Beneath the shadow of towering gears, a secluded workshop holds the key to unimaginable inventions, shaping the fate of those who enter.

MAIN GAME

The game has a 3x3 panel and 5 paylines that pay from left to right. The Wild symbol substitutes for any other symbol except the Scatter. The scatter can only appear in the central reel and doesn't have any payout.

In the main game, if 2 reels have the same symbols (or Wilds) with no winnings a respin on the third reel is triggered.

The full panel feature triggers when the entire panel contains the same symbols (or Wilds). It awards a random multiplier to the entire win. Multipliers can be x2, x3, x5, x7, x8, x10.

If Respin and Free spins are triggered at the same time, free spins will play first, then the respin will trigger.

FREE SPINS

When the Scatter symbol appears in the center of the panel it triggers the Free Spins. 10 Free Spins are awarded. During Free Spins there are no low symbols. The Respin feature works as in the main game. Full panel feature multipliers can be: x5, x10, x15, x20, x25, x50.

BUY INTO FREE SPINS

Players can buy into Free Spins with their choice of bet size. 10 Free Spins are awarded.

Buy Free Spins RTP is: 96.2%.

HOW TO CALCULATE PAYLINE WINS

*To calculate your total payline win, calculate all payline wins and add them together.

*To calculate a single payline win, count the number of identical symbols lined up in sequence on the line starting from the left most reel.

*If three or more identical symbols are lined up, find the win value in the dynamic Pay Table. There you can find the value for all symbols for 3 in a row. Only the highest winning combination per line is paid out.

*If the winning combination starts with three wilds, there can be many ways to interpret the win. In this scenario, only the highest win combination is paid out.

*The above doesn't include Scatters which do not need to be on a payline to award a prize.

*After the Free Spins round is completed, all wins are added to any win from the game that activated the Free Spins.

6- Game Data

Game Name: Steamworks - The workshop
