5- Game Rules

Welcome to Steamworks - Gears of Fortune, a 5x3 Video Slot with 25 paylines, Big Coins, Collectors, Shock Waves, a powerful Bonus Game and the Grand Prize.

ABOUT THE GAME

In a steam-powered world, down the bowels of the long forgotten great city, the gears of fortune control fate, your fate!

MAIN GAME

The game has a 5x3 panel and 25 paylines that pay from left to right. Wild substitutes any symbol, except the Scatter. Scatter does not have any payout and lands only on reel 5. Coins can appear on reels 1-4 and get collected only when Scatter appears. Collecting 20 coins in the main game triggers Bonus Game.

BONUS GAME

Collecting 20 coins triggers Bonus Game awarding 3 respins. Each new symbol on the panel will reset the number of respins to 3.

The following symbols can land during free spins:

Coins: random values of x1, x2, x3, x5, x7, x10, x12, x15, x20

Big Coins: random values of x50(Mini), x100(Minor), x200(Major), x1000(Grand)

Collector: accumulates the values of all coins

Shock Wave: lands with random value and increases the value of coins by +1, +2, +3, +5, +10.

Bonus Game ends when no new symbols land and no respins remain, after which all symbols are collected.

GRAND PRIZE

Grand Prize awards cash prize of x1000 bet.

When all the cells in the panel are filled with coins Grand Prize is awarded.

BUY BONUS GAME

Players can buy into Bonus Game with their choice of bet size. Buy Bonus Game RTP is: 96.1%

HOW TO CALCULATE PAYLINE WINS

*To calculate your total payline win, calculate all payline wins and add them together.

*To calculate a single payline win, count the number of identical symbols lined up in sequence on the line starting from the left most reel.

*If three or more identical symbols are lined up, find the win value in the dynamic Pay Table. There you can find the value for all symbols for 3 in a row. Only the highest winning combination per line is paid out.

*If the winning combination starts with three wilds, there can be many ways to interpret the win. In this scenario, only the highest win combination is paid out.

*The above doesn't include Scatters which do not need to be on a payline to award a prize.

*After the Bonus Game round is completed, all wins are added to any win from the game that activated the Bonus Game.
